

Assortment case

Steel case Sysbox RAL7035
Size L x B x H: 335x225x70 mm

*Hexagon set screws DIN 933
Available in zinc plated 8.8*

650 pieces

User friendly case

The cases are equipped with a tab closure and convenient handle for easy transport. The steel case is provided with a foam layer which ensures that the content remains in place and on which the layout state is displayed. And the steel case is also fitted with removable trays which enable simple re-filling and make it easy to take-away individual trays instead of the whole case.
